They have accepted a scheme for a tunnel at the base of mountain with its southern month in Italy, and Mail correspondent "Sam Slick" has favoured that country will contribute 15,000,000 france. There is little doubt that the Swiss Government must admit that looking at the dividend question will now accept this proposal. The plan is great importance to Germany and Italy, both commercially and strategetically. France

At last his clerk creases our difficulty still more is the fact that thousands of these converts live from 100 to 300 miles from any missionary's home and must be employed therefore at a great disadvantage. Something should be allowed also, we think, informed the British Cousul. The property lost to the shrowdness of the Chinamen themselves. We can ourselves bring competent witnesses to testify that they have known Chinese converts
